Thought for the Week - The Brick

The bricklayer laid a brick on a bed of cement. Then, with a precise stroke of his trowel spread another layer. And without a by-your-leave, laid on another brick. The foundations grew visibly, the building rose, tall and strong, to shelter people.

I thought, Lord, of that brick buried in the darkness at the base of the big building. No-one sees it, but it accomplishes its task, and the other bricks need it. Lord, what difference whether I am on the roof-top or in the foundations of your building, as long as I stand faithfully at the right place.
