Thought for the Week

How is it that hardly any major religion has looked at science and concluded, "This is better than we thought! The Universe is much bigger than our prophets said, grander, more subtle, more elegant?" Instead they say, "No, no, no! My god is a little god, and I want him to stay that way." A religion, old or new, that stressed the magnificence of the Universe as revealed by modern science might be able to draw forth reserves of reverence and awe hardly tapped by the conventional faiths.

- Carl Sagan

Thank you, Joy. This week we said goodbye to Joy Pearce. She was a member of St Peter's and Lindisfarne churches for over 70 years. Hundreds of children from schools in South Invercargill will have great memories of Storyroom with Joy.

Old age is ten years older than you are at present.
