Thought for the Week

As we celebrate “Season of Creation” this week, we gather in awe of the journey of life, from the simplest beginnings to the complex beings we are today. We give thanks for the wonder of evolution, for the countless generations that have shaped us, and for the intricate web of life that connects us all. May we honour this legacy with wisdom and compassion, cherishing our place in the vast story of the universe. Let us strive to understand and protect the natural world, celebrating the unity and diversity of life in all its forms. In gratitude and humility, we embrace the adventure of discovery and the beauty of our shared existence.
